

EVENT ANNOUNCEMENT & CALL FOR PAPERS

EVENT INTRODUCTION

Following the success of the inaugural 2006 event, Downstream Connection is proud to announce the official launch of FUELS 2008, which will take place 20 – 22 October 2008 in Abu Dhabi, United Arab Emirates.

CONFERENCE OVERVIEW

The conference will examine and debate the major issues affecting the future development of the region's fuels industry.

With a mix of regional governments, industry bodies, leading refiners and renowned industry experts, the event will identify the key challenges and opportunities for today's market.

Your attendance will ensure...

- dialogue, co-operation and development between local and international markets
- you keep abreast of new industry trends, issues and projects
- you hear about the very latest technological developments
- you have the opportunity to maintain existing client relationships
- you have the opportunity to explore and develop new business contacts
- your organisation remains at the forefront of the refining and fuels industries

EXHIBITION OVERVIEW

A full exhibition will run alongside the conference for the benefit of all attendees. The exhibition will provide a showcase for the very latest technological developments and innovations for the refining and fuels industries.

CALL FOR PAPERS

Appropriately qualified individuals are now invited to submit their paper abstract for consideration.

Your abstract should be no longer than 500 words and need not include illustrations, tables, graphs, references, etc.

**Please note - papers will only be considered where they present subject matter in the context of recent projects, operations or experiences and as far as possible avoid the overt promotion of any specific product, service or commercial technology.*

Deadline for abstract submission – 20 July 2008

PROMOTIONAL OPPORTUNITIES

Would you like to promote your organisation's products, services and areas of expertise to a captive audience of senior and influential industry executives and decision-makers? A wide range of sponsor, exhibitor and advertiser opportunities are available in conjunction with the event.

Whether you are looking to develop brand awareness, launch a new product or service, or simply reinforce your position in the marketplace, tailor made packages can be designed to meet your exact marketing and promotional requirements.

ABOUT THE ORGANISERS

Downstream Connection is the leading information and service provider to the global refining, petrochemical and gas processing sectors, specialising in the organisation of premier industry events serving both international and regional marketplaces.

Our principal business objective is to provide strategic communications designed to facilitate continued growth and development within all areas of the downstream industry.

Downstream Connection is one of a number of specialist divisions operated by **energyspex Limited** - the leading information and service provider to the international energy industry.
